---

SAP Financial Closing Cockpit | Accounting Close Process ...

In FI (Financial Accounting), the complicated, technical closing procedures to close the prior period, open the new period and carry forward account balances cease to exist. In fact, the user should have two posting periods open at the same time – to make adjustments in the prior period before reporting the results and to post customer/vendor invoices or other data to the new period.

---

What is Closing Procedures in SAP FI (Financial Accounting)?

Navigate to General Ledger Period Close Financial period close configuration. Under the resources tab, make sure that the specific user has been added as a resource. If the desired view setting is set to only see tasks assigned, ensure the companies attached to the specific roles match up to the companies shown under the template you are using for the period.
