Industrial Design: Materials and Manufacturing Guide, Second Edition provides the detailed coverage of materials and manufacturing processes that industrial designers need without the in-depth and overly technical discussions commonly directed toward engineers. Author Jim Lesko gives you the practical knowledge you need to develop a real-world understanding of materials and processes and make informed choices for industrial design projects. In this book, you will find everything from basic terminology to valuable insights on why certain shapes work best for particular applications. You'll learn how to extract the best performance from all of the most commonly used methods and materials.

Jury Instructions on Products Liability, Fourth Edition covers the issues likely to arise in a trial. Judges have given them, juries have followed them, and appeals courts have tested them. Each instruction cites supporting case law, including relevant law review articles and annotations to American Law Reports, to save time and effort in finding support for your request. Jury Instructions on Products Liability explains the issues for the layman, translating complex legal issues into everyday language. Tailor each instruction to fit the unique details of your case and fine-tune the issues to assert more control over jury deliberations. Jury Instructions on Products Liability includes hundreds of instructions on these and other topics: • Duty to warn • Strict products liability • Unavoidably unsafe products • Warranty liability and misrepresentation • Design defect liability • Risk-utility doctrines • Testing and inspection • Industry standards and customs • Comparative negligence • Assumption of risk • Causation The Fourth Edition also addresses the New Restatement of Torts: Products Liability.

Explains how athletic fields are designed, constructed, and maintained
