Man vs. Beast, the sixth book in the CHERUB series, is, in my opinion, the best and most interesting book Robert Muchamore has written. This science fiction story is compared by many to the Alex Rider series. The plot of both of these stories is centered on a young character that is a British spy.

CHERUB agents are all seventeen and under. They wear skate tees and hemp, and look like regular kids. But they're not. They are trained professionals who are sent out on missions to spy on terrorists and international drug dealers. CHERUB agents hack into computers, bug entire houses, and download crucial documents. It is a highly dangerous job. For their safety, these agents DO NOT EXIST. When CHERUB uncovers a link between eco-terrorist group Help Earth and a wealthy religious cult known as The Survivors, James is sent to their isolated outback headquarters on an infiltration mission. It's a thousand kilometers to the closest town, and James is under massive pressure from the cult's brainwashing techniques. This time he's not just fighting terrorists.... He's got to battle for his own mind.

An undercover teen agent discovers the ups and downs of espionage in the first six books of the CHERUB series, which Rick Riordan says has "plenty of action"—now available together in a collectible boxed set! CHERUB agents are highly trained, extremely talented—and all under the age of seventeen. For official purposes, these agents do not exist. It is a tough job, but these agents have one crucial advantage: adults never suspect that teens are spying on them. Follow James through his training and his action-packed missions as he learns what it means to be a true CHERUB agent. This action packed boxed set includes The Recruit, The Dealer, Maximum Security, The Killing, Divine Madness, and Man vs. Beast.

Every day thousands of animals die in laboratory experiments. Some say these experiments provide essential scientific knowledge, while others will do anything to prevent them. James and Lauren Adams are stuck in the middle. They're CHERUB agents. Trained professionals with one essential advantage: adults never suspect that children are spying on them. For official purposes, these children do not exist.

Let's talk about the ozone layer. Let's discuss how beneficial this shield is to human, animal and plant health. After which, let's move towards how it can be protected from future harm. After all, damage to the ozone layer will ultimately affect all life on Earth. Knowledge is the first step to acting towards environmental care. Get this book today!

"'On the origin of Mind' is a detailed description of how the mind works. It explains the dynamics from the neuronal level upwards to the scale of group behaviour, society and culture."--Publisher's website.

Books 4, 5 and 6 in Robert Muchamore's bestselling CHERUB series. The Killing (Book 4): Leon is a small-time crook who's ridden his luck for three decades. When he starts splashing big money around, the cops are desperate to know where it came from. So they call in CHERUB. James Adams' latest mission looks routine, but the plot he begins to unravel isn't what anyone expected. And the only person who might know the truth is a reclusive eighteen-year-old boy. There's just one problem. The boy fell to his death thirteen months earlier. Divine Madness (Book 5): When CHERUB uncovers a link between eco-terrorist group Help Earth and a wealthy religious cult known as The Survivors, James Adams is sent to Australia on an infiltration mission. It's his toughest job so far. The Survivors' outback headquarters are completely isolated, and the cult's brainwashing techniques mean James is under massive pressure to conform. This time he's not just fighting terrorists. He's got to battle to keep control of his own mind. Man vs Beast (Book 6): Every day thousands of animals die in laboratory experiments. Some say these experiments provide essential scientific knowledge, while others will do anything to prevent them. As CHERUB agents, James and Lauren Adams are stuck in the middle. Praise for the CHERUB series: 'Punchy, exciting, glamorous and, what's more, you'll completely wish it was true' - Sunday Express 'Crackling tension and high-octane drama' - Daily Mail 'A really good book that you could re-read over and over again' - Guardian 'Pacy writing, punchy dialogue and a gripping plot, it's got it all' - Daily Express 'Fast-moving action ... and cool gadgets!' - The Times Visit cherubcampus.com - the essential internet destination, packed with exclusive content and with in-depth biographies of CHERUB characters, out-takes and bonus stories.
