monitor supply and demand. As a result, some traders view it as the simplest way to find entries and exits.

Point and Figure
Charting is a technical analysis technique that uses a chart with

Where To Download Point

"X"s and "O"s for predicting financial asset prices. The "X"s are used to indicate rising prices and "O"s to indicate falling prices. The point and figure chart is very unique as it does not plot prices against time like other technical analysis charts.
