If so, that could frustrate United's efforts to find a buyer for a player now thought to be worth around 10 times the £700,000 they paid Oxford to sign him three years ago.

The life of John Hancock, contemporary of Samuel Adams and Paul Revere and first to sign the Declaration of Independence is featured in this volume of the Young Patriots series. Detailing Hancock's early years, it focuses on his relationship with boyhood friend John Adams and his academic struggles with what he would later become most famous for - his writings. Hancock's famous achievements later in life are also chronicled, from attending the Boston Tea Party to becoming president of the Continental Congress. The entirety of his life is colorfully illustrated with renderings that convey the drama of the birth of the United States.

Protestor, patriot, and signer of the declaration of Independence, John Hancock. His life revealed for picture book readers. When the British started imposing unfair taxes on the colonists, John Hancock decided to stand up to the injustice and dedicate himself to the public good. He would later serve as a delegate to the First Continental Congress, president of the Second Continental Congress, and signer of the declaration of Independence. This Founding Father is made accessible to young children through clear and concise text paired with watercolor art. "Using a warm, subdued palette, Himler's paintings bring Hancock and his times to life," says Booklist. Back matter includes a note, a timeline, source notes, a selected bibliography, and recommended websites. For almost thirty years, David Adler's Picture Book Biography series has profiled famous people who changed the world. Colorful, kid-friendly illustrations combine with Adler's "expert mixtures of facts and personality" (Booklist) to introduce young readers to history through compelling biographies of presidents, heroes, inventors, explorers, and adventurers. These books are ideal for first and second graders interested in history or who need reliable sources for school book reports.

Benedict Arnold always carried things too far. As a boy he did crazy things like climbing atop a burning roof and picking a fight with the town constable. As a soldier, he was even more reckless. He was obsessed with being the leader and the hero in every battle, and he never wanted to surrender. He even killed his own horse once rather than give it to the enemy. Where did the extremism lead Arnold? To treason. America's most notorious traitor is brought to life as Jean Fritz relays the engrossing story of Benedict Arnold -- a man whose pride, ambition, and self-righteousness drove him to commit the heinous crime of treason against the United States during the American Revolution. "A highly entertaining biography illuminating the personality of a complex man."—Horn Book "A gripping story. . . . As compelling as a thriller, the book also shines as history." —Publishers Weekly An ALA Notable Book A New York Times Book Review Notable Book of the Year A School Library Journal Best Book of the Year An ABA Pick of the Lists A Horn Book Fanfare Title

Goodreads Choice winner for Nonfiction 2021 and instant #1 bestseller! A deeply moving collection of personal essays from John Green, the author of *The Fault in Our Stars* and *Turtles All the Way Down*. "The perfect book for right now." —*People* "The Anthropocene Reviewed is essential to the human conversation." —*Library Journal*, starred review The Anthropocene is the current geologic age, in which humans have profoundly reshaped the planet and its biodiversity. In this remarkable symphony of essays adapted and expanded from his groundbreaking podcast, bestselling author John Green reviews different facets of the human-centered planet on a five-star scale—from the QWERTY keyboard and sunsets to Canada geese and Penguins of Madagascar. Funny, complex, and rich with detail, the reviews chart the contradictions of contemporary humanity. As a species, we are both far too powerful and not nearly powerful enough, a paradox that came into sharp focus as we faced a global pandemic that both separated us and bound us together. John Green's gift for storytelling shines throughout this masterful collection. The Anthropocene Reviewed is a open-hearted exploration of the paths we forge and an unironic celebration of falling in love with the world.
